Description

Varta work flex motion sensor h20 flashlight is a versatile and resistant lighting tool, ideal for work in demanding environments. With COB LED and 3W LED technology, it offers 8 adjustable light levels and a power of up to 150 lumens. Its motion sensor function allows you to turn on the light by simply passing your hand in front of it, making it easier to use in work situations. Lasting up to 20 hours, this flashlight is perfect for long work days. Its compact and lightweight design, with adjustable and washable strap, guarantees comfort and practicality. In addition, its rotating head allows optimal illumination of the environment, with a focus range of up to 78 meters. With protection against splashes of water and dust (IP54) and resistance to drops of up to 2 meters, this flashlight is the perfect companion for any task that requires reliable and long-lasting lighting.
