Description

Since there is a wide range of mechanisms on the market, this **TV/R-SAT antenna socket** fits in the vast majority of series without any additional effort.

There are two types of TV/R -SAT antenna sockets:

Reference 5226: **SAT antenna socket** with single derivation or end

Reference 5228: **SAT antenna socket** with intermediate derivation

The sockets and connection boxes incorporate a new flange model whose main advantage is to facilitate the visualization of the connection in locations where the socket is close to the ground.

The design of the tightening of the live has been improved to comply with the specifications of the cable operators.

Easy and quick to install

Specifications

EAN	8424450052266
Manufacturer	TELEVES
Piece type	Electrical mechanisms

Series	Legrand Niloé Step
