Product sheet

FERMAX 9682 | Push button module CITYMAX 4+N 202

Brand: FERMAX

Reference: FERMAX 9682

Spare pushbutton module 202 with double pushbutton and 2 rows of pushbuttons. The anchoring system consists of a slight pressure from the inside to the outside. Finally, the different pushbutton modules are joined by easily pluggable connectors that are included. The pushbuttons are metallic and rounded in line with the curved profile of the plate. Equipped with special silver-plated contacts that provide them with greater durability. Citymax is the line of entrance panels with a ''continuous profile'' and a modular composition. With a design and characteristics very similar to the CityClassic panel, this panel differs in practical aspects that affect its composition and assembly.
