Product sheet

FERMAX7449 | BUS2/VDS digital display module

Brand: FERMAX

Reference: FERMAX 7449

DUOX/BUS2/VDS W SKYLINE digital display. The digital display module allows the search and visualization of the list of neighbors (electronic directory) by means of the navigation buttons (arrow keys), in addition to informing about the status of the communication. The call to the dwelling can be made in two ways: - by entering the corresponding code assigned to the dwelling + the bell key. - by searching the user's electronic directory (navigation buttons) and once found by pressing the bell key. The navigation buttons also allow you to move through the programming menu. Available modules: - BUS2/VDS digital display module (Ref. 7449) - MDS digital display module (Ref. 7451) Module to be placed in the Frame of the New SKYLINE panel.
