# FERMAX 9616 | Digital display MDS CITY CLASSIC

Brand: FERMAX

Reference: FERMAX 9616

Spare parts display module to incorporate in CityClassic plates and MDS Digital system. The digital display module allows the search and visualization of the list of neighbors (electronic directory) by means of the navigation buttons (arrow keys), in addition to informing about the status of the communication. The navigation buttons also allow you to move through the programming menu. CityClassic is the line of "continuous profile" entrance panels for buildings. The plates are made of anodized aluminum, highly resistant to weathering and climatic changes. The design of the plate stands out for its convex curved profile. A cellular rubber sealing gasket that is included ensures a perfect coupling of the plate to the wall, to prevent water leaks.
