FERMAX 8053 | light activator

Brand: FERMAX

Reference: FERMAX 8053

UNIVERSAL LIGHT ACTIVATOR. For installations that require high-power indications when a call is received. This equipment can activate a bell, a siren or a light bulb when the call button on the entrance panel is pressed. Small in size, they allow their installation in electrical registers. They can be embedded in standard 10x10 cm boxes. They have adhesive strips for fixing, or they can be screwed directly to the wall. Recommended in small/medium sized buildings (up to 50 residents approx.), with various entrances and a concierge unit. For urbanizations with general entrance and inner blocks.
