FERMAX 3600 | MEMOKEY Kit 100 codes

Brand: FERMAX

Reference: FERMAX 3600

An access control system has the function of restricting, controlling and allowing entry to a restricted zone or area (garage, offices, warehouse office, etc.). To do this, a reader is installed at the entrance or exit, which can be of various types: * Proximity: Private Line * Keypad: Memokey Line. It is possible to combine an access control system with the electronic or video door entry function. Keyboard access system. Dialing a 4, 5 or 6 digit code activates the lock release. The system can be programmed with up to 100 different codes: one for each user and to activate another device such as an alarm, a second door, etc. Full. Includes: panel with keyboard, embedding box and power supply.
