Description

Cofra colorless Lighting protective glasses, ideal for mechanical work in closed places with good visibility conditions. These glasses have polycarbonate lenses with a curvature of 8, complying with EN 166 - EN 170 standards and 2C-1.2 1FT CE marking. In addition, they offer anti-scratch, anti-fog treatment and UV 400 protection. The frame and temples are made of polycarbonate and TPR, with an adjustable nose bridge and soft end of the temples for greater comfort. With excellent fit to the face and indirect ventilation, these glasses guarantee the protection and comfort necessary to carry out work safely.
