Description

The Access 4 Aqua Control 4-zone programmer is the perfect solution to control your garden's irrigation efficiently and easily. With two independent programming modes, up to three starts per day and per program, and a large LCD display, this programmer allows you to customize the irrigation time according to your needs. In addition, it is very easy to program thanks to its intuitive dial. Includes a pump starter and a rain sensor connector, ensuring precise and effective irrigation. With a 1.5V power supply and the possibility of using 2xAA batteries, this programmer is the ideal option to keep your garden always green and healthy.
