Description

The Aqua Basic Adjustable Nozzle from Aqua Control is a high quality product designed to provide efficient and precise irrigation in gardens and green areas. With an adjustment angle from 25° to 360° and a flow rate of -15a, this nozzle is perfect to adapt to the specific needs of each area to be watered. Made of polypropylene with anti-UV treatment, it guarantees a long useful life and resistance to the elements. In addition, it has a bag filter that helps keep the irrigation system clean and free of obstructions.

- Adjustment angle from 25° to 360°
- Flow rate -15a
- Material: polypropylene
- Anti UV treatment
- Filter in bag
