Description

The Easy Gardena Analog Irrigation Programmer is the perfect solution to keep your garden always well watered automatically. With 17 preset programs, you can program the duration and frequency of irrigation according to your needs. In addition, it has a manual watering function for more personalized control. Its control panel is detachable, making it easy to install and operate. With an irrigation duration of 1 to 60 minutes and irrigation intervals every 8, 12, 24, 48 or 72 hours, this programmer adapts to any type of garden. It works with a 9V alkaline battery (not included) and is made of polypropylene with anti-UV treatment and protection against frost.
