Description

The Wolcraft Ball Rasp for Grinder (4386000) is the ideal accessory for making slits and contours in wood in the DIY and artistic field. With a diameter of ø31.5mm, this ball rasp is made from robust c45 steel and is perfectly suitable for use on soft and hard wood without inclusions. Compatible with all commercial angle grinders in sizes 115 or 125mm thanks to its M14 thread, this tool surprises with its ability to remove material and its rapid work progress. It can be handled ergonomically with one hand, allowing you to model wooden sculptures in a controlled manner. For greater safety, it is recommended to use it with the Wolcraft suction hood (ref. no. 439900).

- Ball rasp with diameter of ø31.5mm
