Description

The Juba size 7 polyester/spandex work glove is an ideal option for those looking for comfort, durability and sustainability in a single product. Made with recycled polyester and spandex, this glove offers exceptional touch and great flexibility, adapting perfectly to the hand. Its sandy latex coating on the palm provides solid grip in dry and wet environments, while its abrasion resistance ensures greater durability. Perfect for manipulations without risk of cutting that require touch, assembly lines, automotive, logistics and warehouse, installations and light maintenance. In addition, its individual packaging makes it ideal for points of sale.
