## Description

Polyester/cotton work glove size 9 Juba. The "Juba Nature" glove is made from recycled polyester/cotton coated with rough latex, offering solid grip in dry and wet environments. Its 44% recycled fiber polyester/cotton backing includes 25% recycled polyester and 19% recycled cotton, reducing water, energy consumption and carbon footprint. With abrasion and contact heat resistance up to 250°C, these gloves are durable and comfortable, absorbing sweat to keep hands cool. The Sanitized® sanitizing function protects against fungi, mites and bacteria, preventing odors and minimizing skin irritation. Recommended for construction, quarries, ceramic industry, gardening, agriculture and more.

## Specifications
