Description

Polyester/cotton work glove size 11 Juba. The "Juba Nature" glove is made from recycled polyester/cotton coated with rough latex, offering solid grip in dry and wet environments. Its 44% recycled fiber polyester/cotton backing includes 25% recycled polyester and 19% recycled cotton, reducing water and energy consumption, as well as carbon footprint and plastic waste. With abrasion and contact heat resistance up to 250°C for 15 seconds, these gloves are durable and comfortable, absorbing sweat to keep hands cool. The Sanitized® sanitizing function protects against fungi, mites and bacteria, preventing odors and minimizing skin irritation. Recommended for construction, quarries, stone handling, ceramic industry, gardening, agriculture, rebar work and waste collection.

Specifications

EAN	8423752229024
Country of origin	Spain
Weight (kg)	0, 128
