Description

The Profi Bypass 22cm Stocker scissors are ideal for both professional and amateur use. With a curved blade and counterblade and bypass cutting, these scissors guarantee a precise and clean cut. Safety lock technology provides greater stability of the center bolt, ensuring safe and efficient use. The chrome-plated steel blade and PVC-coated forged aluminum handles make these scissors a durable and sturdy tool. With an ergonomic handle, its use is comfortable and easy. Measuring 22cm in length and weighing 250g, these scissors have a maximum cutting diameter of 22mm, making them ideal for a wide range of gardening and pruning tasks.
