Description

The Wolfcraft LC 600 Laminate Guillotine is a professional and robust device that facilitates the installation of laminates effortlessly. With the ability to reduce laminates up to 8mm thick and make laminates with integrated footstep soundproofing up to 11mm thick, this machine guarantees precise and clean cuts thanks to its high-quality laser-cut smooth blade. Its ergonomic design, large stop for angular cuts and serrated cutting edges allow you to make precise and angular cuts with ease. In addition, its resistant structure of premium aluminum profiles makes it light and easy to transport.

- Ability to reduce laminates up to 8mm thick
