Wolfcraft Adjustment and Cutting Support (6948200)

Brand: WOLFCRAFT

Reference: EDM 82732

Wolfcraft Cutting and Setting Stand (6948200)

The Wolfcraft Cutting and Setting Stand 6948200 is a 2-in-1 product that makes miter measuring and cutting easier exact, guaranteeing perfectly adjusted skirting boards without the need for a false square. With two movable arms, it allows you to comfortably measure corners from 85° to 180° and cut the skirting board with precision. The automatic bisector provides the correct miter, ensuring perfect transitions between skirting boards even in tricky corners. Ideal for carpentry and DIY work at home.

- 2-in-1 product for measuring and sawing exact miters
- Two movable arms to measure corners from 85° to 180°
- Automatic bisector for correct miter
- Ideal for precisely cutting skirting boards
- Facilitates perfect transitions between skirting boards in difficult corners

Description

The Wolfcraft 6948200 Fitting and Cutting Bracket is an innovative product that makes it easy to measure and cut accurate miters for skirting boards. With this 2 in 1, you will no longer need a false square and you will be able to save time and effort when transferring angles to the saw. Its two movable arms allow you to comfortably measure corners from 85° to 180°, guaranteeing a perfect fit. The automatic bisector provides the correct miter, while the integrated guides make cutting with a rib saw easy. With this bracket, you can achieve perfect transitions between skirting boards, even in complicated corners of old buildings.

- Setting and cutting bracket for measuring and sawing exact miters
- 2 in 1 , eliminates the need for a false square
- Two movable arms to measure corners from 85° to 180°
- Automatic bisector for the correct miter
- Integrated guides for a precise cut with a rib saw
- Perfect for achieving smooth transitions between skirting boards in tricky corners

Specifications

EAN	4006885694828
