Coaxial connector F compression cable T100

Brand: TELEVES

Reference: TELEVES 4104

F-type compression connector for RG6 cable compatible with a wide range of coaxial cables, despite the small differences that they may present, such as the thickness of the outer jacket or the diameter of the dielectric and that depend on the tolerances of the materials used in the cable manufacturing process. Connectors for carrier coaxial cable (ICT2), one-piece connector suitable for security installations, easy insertion into normal cable for digital signals, made of nickel-plated brass and to be installed using a compression tool.
