Circuit breaker RESI9 ID 2P 25A 30mA AC

Brand: SCHNEIDER

Reference: SCHNEIDER R9R51225

The RESI9 ID 2P 25A 30mA AC automatic circuit breaker is an electrical component used for circuit protection in residential and industrial installations. This automatic circuit breaker has a breaking capacity of 25A and a sensitivity of 30mA, making it suitable for protecting against leakage currents in small and medium-scale installations.

Its most relevant technical features are:

Breaking capacity: 25A

Sensitivity: 30mA

Type of protection: 2P (bipolar)

Application: Protection against leakage currents in residential and industrial installations

Standards: Complies with current electrical safety standards

The RESI9 ID 2P 25A 30mA AC automatic circuit breaker is a reliable and safe option for electrical circuit protection, meeting the quality and safety requirements for modern installations.

Specifications

Rated current (A)	25
Sensitivity	30 mA
EAN	3606481929167
Manufacturer	Schneider
No. of poles	2P
Weight (kg)	0,18
