

Product sheet

SUPREM strip 12 black PVC terminals 10mm

Brand: LEGRAND

Reference: LEGRAND 034254

The Suprem power strip is the perfect solution for those looking for secure and reliable connectivity in a plug-in design. With a terminal capacity of up to 10 mm² and a maximum current of 15 A, this strip is suitable for use at very low voltage (50 V). Its design of 12 plug-in terminals in elegant black color makes it discreet and easy to integrate into any electrical installation.

Main technical characteristics:

- Suprem connection strip
- 12 plug-in terminals
- Terminal capacity: 10 mm²
- Black PVC
- 40 °C to + 80 °C (90 °C pointed)
- For use at very low voltage (50 V)
- Ø Pins 3.2 mm
- Max. intensity: 15 A

Description

The Suprem power strip is the ideal solution for those looking for secure and reliable connectivity in a plug-in design. With a terminal capacity of up to 10 mm² and a maximum intensity of 15 A, this strip is suitable for use at very low voltage (50 V).

Its design of 12 plug-in terminals in elegant black makes it Discreet and easy to integrate into any electrical installation. In addition, its black PVC guarantees high thermal resistance from 40 °C to + 80 °C (90 °C at tip), making it ideal for a wide variety of electrical applications.

The power strip The Suprem connection system is easy to install and use thanks to its plug-in design and Ø 3.2 mm pins. Its terminal capacity of up to 10 mm² guarantees safe and reliable connectivity,

making it an excellent option for any type of electrical installation.

Specifications

High	134,6
Width	41,6
EAN	3245060342548
Manufacturer	Legrand
Material	PVC
Weight (kg)	0,61
Cable cross-section (mm²)	10
