Description

Magnetothermal Solera 1 Pole + Neutral 20A (shrink-wrapped) CBM1N20

- 1 pole + neutral magnetothermal switch with a capacity of 20 amps.
- Comes shrink-wrapped for easy installation and product protection.
- Ideal for protecting electrical circuits from overloads and short circuits.
- Compatible with single-phase systems.
- Offers a high cutting capacity to guarantee electrical safety.
- Designed to comply with current electrical safety regulations.
- Compact dimensions that facilitate installation in electrical panels.
- Indicated for residential, commercial and industrial applications.
- Manufactured with high quality materials for a long useful life.
- Reliable and durable product, guaranteed by the Solera brand.

Specifications

Rated current (A)	20
EAN	8423220093188
Manufacturer	Solera
No. of poles	1P+N
Country of origin	Spain
Weight (kg)	0, 176
