Product sheet

Solera 40A 2 Pole Differential (shrinkable) RCB2P4030

Brand: SOLERA

Reference: EDM 02861

Differential 2 Poles Solera 40A (shrink-wrapped) RCB2P4030

- Capacity: 40A
- Number of poles: 2
- Type: Solera
- Differential protection
- Shrink-wrapped for greater safety
- Ideal for residential and commercial electrical installations
- Guarantees protection against overloads and short circuits
- Easy installation and maintenance
- High quality and durability
- Complies with electrical safety regulations

Description

2-Pole Differential Solera 40A (shrink-wrapped) RCB2P4030

The 2-pole differential Solera 40A (shrink-wrapped) RCB2P4030 is a high-quality and high-performance electrical component, ideal for protecting circuits electrical from possible short circuits and overloads. Its compact and retractable design makes it easy to install in any type of electrical panel, guaranteeing safety and efficiency in the power supply.

- Current capacity: 40A
- Number of poles: 2
- Type: Differential
- Retractable design for easy installation
- Protection against short circuits and overloads
- High quality and performance

- Compatible with different types of electrical panels
- Guarantees security in the energy supply
- Compact dimensions for space saving
- Reliable and durable product

Specifications

Rated current (A)	40
EAN	8423220093515
Manufacturer	Solera
No. of poles	2P
Country of origin	Spain
Weight (kg)	0, 216
