Description

Multiple base with 3 t/tl outlets from the Solera brand, model 8013P, is a product designed to offer comfort and safety in domestic and commercial environments. With a 1.5 meter long cable and a maximum power of 3680W, this multiple base is ideal for connecting several electronic devices at the same time. Its easy-access terminal connection and quick-release cover make it easy to use, while the fixing holes allow it to be installed safely on the wall. The Ion series guarantees optimal performance in common applications such as homes, offices and shops.
