Description

The 10mm Drygres Drill Bit from the Rubi brand is ideal for drilling all types of ceramic tiles, especially porcelain stoneware, marble and granite. With a small constant orbital movement, this drill bit allows you to drill ceramics precisely. Subsequently, you can continue drilling the support with a normal drill bit. Thanks to its M14 thread connection, it can be used directly with a grinder. Perfect for placing bathroom or decorative accessories on ceramic surfaces, this dry cutting drill bit guarantees efficient and quality work.

- Drygres drill bit $\varnothing 10\text{mm}$
- Recommended for everything type of ceramic tiles, marble and granite
- Constant orbital movement for precise drilling
- Connection with M14 thread for direct use with a grinder
- Ideal for placing accessories of bathroom and decorative
- Dry cutting for efficient work
