Description

Drygres 4drill ø8mm drill bits. hex 5924 ruby. Recommended for drilling all types of ceramic tiles, especially porcelain stoneware, and other covering materials such as marble and granite. Vacuum brazed technology, which increases resistance to temperature and friction, to fix the diamond particles to the cutting area. For use with an electric drill with or without a cord, always without a hammer. Their hexagonal connection allows them to quickly adapt to drills with a 10mm head.

- Drygres 4drill ø8mm drill bits.
- Recommended for all types of ceramic tiles, especially porcelain stoneware, marble and granite.
- Vacuum brazing technology for greater resistance to temperature and friction.
- For use with hammerless electric drill.
- Hexagonal connection to adapt to drills with a 10mm head.

Specifications

EAN	8413797059243
Manufacturer	RUBI

Country of origin	Spain
Weight (kg)	0, 03
