Description

Easygres drill bits ø8mm 4923 Rubi is the most economical solution for drilling all types of ceramic tiles. These electroplated diamond bits are ideal for wet cutting and can be used with electric hammerless drills. They allow you to drill stoneware, porcelain stoneware, granite, marble and glass, with an average life of 10 holes. The drilling depth is 25mm and they have a side opening to improve cooling and eliminate solid waste. The guide easily adheres to any surface and the recommended speed of use is between 400 and 1000 rpm, depending on the material to be drilled.
