Description

The Easygres 8mm Drill Bit Kit 4928 Rubi is the most economical solution for drilling holes in all types of ceramic tiles. Includes an 8mm electroplated diamond drill bit, an easygres guide with centering sleeve and fixing adhesives. Allows you to drill stoneware, porcelain stoneware, granite, marble and glass on both floors and walls. The average life is 10 holes and the drilling depth is 25mm. The bit features a side opening to improve cooling and facilitate debris removal. A speed of use between 400 and 1000 rpm is recommended, depending on the material to be drilled.
