Description

The Rubi double suction cup is a robust and ergonomic tool designed to facilitate the manipulation of heavy pieces such as extra-large ceramic tiles or glass panels. With a heavy-duty aluminum chassis and ergonomic handle, this suction cup can withstand a maximum load of 80kg, making it ideal for construction and renovation work. Its compact and lightweight design makes it a tool that is easy to transport and use in different projects. Get the Rubi double suction cup and simplify your material handling tasks!

- High resistance aluminum chassis
- Ergonomic handle for greater comfort
- Maximum load capacity of 80kg
- Ideal for handling ceramic tiles and glass panels
- Compact and lightweight design for easy transport
