RUBIlevel 80cm RUBI

Brand: RUBI

Reference: EDM 79646

Rubilevel 80cm Rubi

- Rectangular section aluminum profile
- Longitudinal ribs for greater structural reinforcement
- Precision constant 0.5mm/m
- Three acrylic vials sealed with epoxy resin
- High resistance to impacts and UV rays
- Checks of horizontal, vertical and horizontal levels 45° slopes

Description

Rubilevel 80cm is a level made of rectangular section aluminum profile, which combines lightness with resistance thanks to its longitudinal ribs. The machined base guarantees a constant precision of 0.5mm/m, while its three acrylic vials sealed with epoxy resin offer high resistance to impacts and UV rays. This level allows checks and verifications of horizontal, vertical levels and on 45° slopes.

- Rectangular section aluminum profile
- Longitudinal ribs for greater structural reinforcement
- Constant precision of 0.5mm/m
- Three acrylic vials sealed with epoxy resin
- High resistance to impacts and UV rays
- Level checks horizontal, vertical and on 45° slopes

Specifications

EAN	8413797769234
Manufacturer	RUBI
Country of origin	Spain
Weight (kg)	0, 458
