

Product sheet

**Diamond blade VDF 100 fine
Pro R31974 RUBI**

Brand: RUBI

Reference: EDM 79668

**VDF 100 fine Pro Rubi diamond blade**

- Ideal for roughing natural stone surfaces and edges
- Suitable for all types of ceramic tiles and paint or resin coatings
- Perfect for baseboards and miters in high hardness ceramic tiles
- Manufactured with vacuum welding technique for high temperature resistance
- Ø 22.2mm connection for traditional grinders
- To work on horizontal and vertical surfaces

[View product online](#)**Description**

The Rubi VDF 100 fine Pro diamond disc is ideal for grinding surfaces and edges of natural stone, ceramic tiles and paint or resin coatings. Its design allows the execution of skirting boards and miters on highly hard ceramic tiles. Manufactured with the vacuum welding technique, it guarantees high temperature resistance and is suitable for dry working. With a Ø 22.2mm connection, its small size and the possibility of mounting it on a traditional grinder make it perfect for working on horizontal and vertical surfaces.

- VDF 100 fine Pro diamond blade from Rubi
- Ideal for roughing surfaces and edges of natural stone, ceramic tiles and paint or resin coatings
- Execution of skirting boards and miters on high hardness ceramic tiles
- Manufactured with the vacuum welding technique for resistance to high temperatures
- Suitable for working dry
- Ø 22.2mm connection
- Small size and suitable for mount on traditional grinder
- Perfect for working on horizontal and vertical surfaces

Specifications

EAN	8413797319743
Manufacturer	RUBI
Country of origin	Spain
Weight (kg)	0, 138
