Description

Latex-coated polyester construction glove size 7 EDM, ideal for various tasks such as gardening, DIY, plumbing, assembly of light metal structures, construction and masonry. This glove offers an extra feel and is very flexible, providing a solid grip in both dry and wet environments. In addition, it has good abrasion resistance, which guarantees greater durability. The Sanitized® sanitizing function protects gloves from the formation of fungi, mites and bacteria, preventing odors and minimizing skin irritation. In short, this glove is an excellent option for those looking for comfort, protection and durability in their daily tasks.
