Description

The 2.5 meter Braided Textile Cable in the Black/White color combination is the ideal choice for those looking for a touch of style and elegance in their lighting and interior decoration projects.

With a length of 2.5 meters, this cable gives you the flexibility to create unique designs in your home, office or commercial space. Its Ø6mm cable diameter guarantees adequate load capacity for pendant lamps, wall sconces and other devices with a maximum power of 60W. Plus, the cable is designed for indoor use, making it perfect for any project in your home.

Manufactured to the H03VV-F standard, this cable offers durability and reliability. You can be sure that it

will meet the necessary safety standards and maintain consistent performance over time.

The Black/White braided design not only gives it a retro and elegant look, but also protects it from mechanical damage and provides greater resistance to abrasion. The color combination brings a touch of contrast and style to your designs, making it a decorative element in itself.

It is important to note that this cable works with a voltage of 220-240V, which makes it compatible with most standard electrical installations.
