Description

The Gemena fabric ceiling light is a beautiful addition to any space looking for a touch of elegance and sophistication. With a vibrant blue color, this ceiling light is perfect for creating a warm and welcoming atmosphere in any home, hotel, restaurant, office or other uses.

This ceiling light has two E27 sockets, which allows the use of energy saving light bulbs or LEDs with a maximum power of 60W. With an opening angle of 120°, this ceiling light provides a wide light distribution, illuminating any room evenly.

Measurements of 400x400x130mm make this ceiling light a versatile option that is easy to install on any surface. In addition, this model is available in different colors, which means that you can choose the one that best suits your needs and your interior decoration.

In summary, the Gemena model fabric ceiling lamp is an option of high quality that offers warm and sophisticated lighting in any space. With its elegant design and functional features, this ceiling light is a great choice for anyone looking for a lighting solution that looks good and works great.
