### Description

The 3.9M LED wire garland is a wonderful way to add a touch of magic and warmth to any space in your home. With its length of 3.9 meters and 40 bright LEDs, this garland will transform your corners into haunted places. Its cold light creates a relaxing and cozy atmosphere, perfect for special occasions or to illuminate your spaces in a unique way. One of the outstanding features of this garland is its smart timer. With 6 hours on followed by 18 hours auto off, you can enjoy the beauty of lighting without worrying about turning it off. This feature also contributes to more efficient use of energy. The versatile and creative design is another reason why this garland is so special. The flexible copper wire allows you to shape the garland to your preferences, giving you endless decorating possibilities. With a wire thickness of Ø0.38mm and a silver wire colour, the garland adds an elegant and charming touch to any

setting. Using the Garland LED wire 3.9M is very simple. With a cable length of 3.9 meters , you have enough margin to place it in strategic places. To ensure safe and efficient operation, this garland requires 3 AA batteries (4.5V), which are not included in the package. With a power of 0.9W and a consumption of 0.8A , this garland is an energy-friendly option, allowing you to enjoy lighting without worrying about excessive spending. In addition, its IP20 protection rating makes it ideal for indoor use, which means you can use it to decorate living rooms, bedrooms and other areas of your home. In summary, The 3.9M LED wire garland combines the beauty of lighting with the versatility of design. Whether for special occasions or to illuminate your everyday spaces in a unique way, this garland adds a touch of charm and elegance.
