Description

The Transparent LED Flowers are a charming addition to your home decor. These 1.35 meter long LED lights are designed to provide soft and attractive lighting that can transform your interior spaces into cozy and pleasant places. Ideal for Home Decoration: These LED flowers are ideal for decorative use in various rooms of your home. You can place them in the living room, bedroom, living room or any other

place where you want to create a special and relaxing atmosphere. **Energy Efficiency:** Despite its attractive appearance, These lights are highly efficient in terms of energy consumption, with a power of only 0.15W. This means that you can enjoy decorative lighting without worrying about high energy costs. **Smart Timer:** These lights have a timer that simplifies their use. You can schedule them to turn on for 6 hours and then turn off automatically for the next 18 hours. This allows you to enjoy lighting conveniently without having to worry about turning them off manually. **Transparent and Durable Cable:** The cable of these lights is made of high quality PVC with a thickness of Ø1.3mm, which guarantees durability and flexibility. The transparent color of the wire blends perfectly with any decor, giving you the freedom to place these lights anywhere without them clashing. **Easy to Power:** These lights work with 2 AA batteries (3V), which are not included in the package. This makes them extremely easy to power and they do not rely on nearby electrical outlets, giving you flexibility in placement. **Additional Technical Features:** The lights emit a pleasant cool light that creates a relaxing atmosphere. They have an IP20 rating, making them suitable for indoor use. The set includes 10 LEDs for uniform light distribution.
