Description

The GSC desktop fan is a cooling device designed to be used on any flat surface, such as desks, tables, and more. With a power of 40W, it offers a powerful and effective airflow to combat the heat.

This fan has a 90-degree oscillating diffuser that allows the air to be distributed in a wide area, while Its 10-degree tilt angle allows precise adjustment of the direction of the airflow. In addition, it has a protection grid that prevents hands or fingers from coming into contact with the blades while it works, guaranteeing the user's safety.

The GSC desktop fan has 2 positions: fixed and rotating. , which allow the user to choose the position that best suits their needs. With a 1.6 meter cable, it can be placed anywhere it is required, and its white finish makes it suitable for any decor.

The fan rotates at a speed of 1250 revolutions per minute and has a level sound of 49 decibels, which makes it quiet and suitable for use in offices, bedrooms, and any other space where a cool and quiet breeze is required. Measuring 340x490mm, this GSC desktop fan is an efficient and convenient solution

to beat the heat and improve comfort anytime, anywhere.
