Flat insulating screwdriver 3x75mm

Brand: GSC

Reference: GSC 502035004

The **Flat Insulated Screwdriver** 502035004 offers a reliable solution for your electrical assembly needs. With its reinforced and magnetized tip, chrome vanadium construction and ergonomic design, it is the perfect tool for precision tasks.

Main Technical Features:

- **Reference:** 502035004
- **Dimension:** 75mm in length for precise maneuverability.
- **Material:** Made of chrome vanadium for exceptional strength and durability.
- **Reinforced and Magnetized Tip:** The reinforced tip ensures a firm grip, and the magnetic property makes it easier to manipulate metal parts.

Discover how this flat insulated screwdriver elevates your electrical projects with its exceptional performance and design.

Description

In the field of electrical tasks, precision is essential. To meet the most specific needs, we present the **Chrome Vanadium 502035004 Flat Insulated Screwdriver**, a tool designed to provide control and confidence in every electrical application.

Technical Characteristics Additional:

•

Quality Reference: Identified with the reference 502035004, this flat insulated screwdriver is a symbol of superior quality and performance. When precision is essential, trust a tool that meets the highest standards.

•

Precise Dimensions: At 75mm in length, this screwdriver offers a balance between maneuverability and range. It's ideal for jobs that require control and attention to detail, allowing you to tackle precise tasks seamlessly.

•

High-Quality Materials: Manufactured from chrome vanadium , this screwdriver is designed to withstand the continuous use and stresses involved in electrical work. Its robust construction guarantees a durable tool that will maintain its performance over time.

•

Reinforced Tip for Maximum Stability: The tip of the screwdriver is crucial to achieve accurate results. The reinforced tip of this model provides a firm grip on screws, minimizing the risk of slipping and ensuring safe handling.

•

Advanced Magnet Property: The screwdriver's magnetic tip speeds up handling of metal components, making it easy to insert and remove screws. This feature contributes to greater efficiency and reduces the risk of part loss.

•

Ergonomic Design for Comfort: The ergonomic handle of the screwdriver ensures that you can work comfortably for long periods. This allows you to maintain focus on the precision of your tasks without sacrificing comfort.

Specifications

EAN	8433373067714
Manufacturer	GSC
Weight (kg)	0,035
