Flat insulating screwdriver 6x150mm

Brand: GSC

Reference: GSC 502035007

The **Flat Insulated Screwdriver** 502035007 is the essential tool for precise electrical work. With its reinforced and magnetized tip, chrome vanadium construction and ergonomic design, this screwdriver is prepared to face the most demanding challenges with confidence.

Main Technical Features:

- **Reference:** 502035007
- **Dimension:** 150mm length for extended reach.
- **Material :** Made of chrome vanadium for exceptional strength and durability.
- **Reinforced and Magnetized Tip:** The reinforced tip ensures a solid grip, while the magnetic property makes handling quicker of metal components.

Discover how this flat insulated screwdriver becomes your reliable ally in precise electrical work.

Description

In the world of electrical tasks and precise assembly, reliability is paramount. Introducing the **502035007 Chrome Vanadium Flat Insulated Screwdriver**, a tool designed to provide the control and precision necessary in each electrical application.

Additional Technical Features:

-

Quality Reference: Identified with the reference 502035007, this flat insulated screwdriver stands out for its superior quality and exceptional performance. Rely on a tool that meets the highest standards to tackle electrical tasks with confidence and success.

•

Length for Extended Reach: With 150mm length , this screwdriver offers extended reach for jobs that require access to difficult areas. Its balanced design allows you to perform detailed and extensive tasks with comfort.

•

Robust Material: Made of chrome vanadium, this screwdriver is designed to withstand use constant and the tensions inherent to electrical work. Its robust construction ensures that it maintains its performance and durability over time.

•

Reinforced Tip for Firm Grip: The tip of the screwdriver is essential for precise and safe work. The reinforced tip of this model ensures a solid grip on the screws, reducing the risk of slipping and guaranteeing total control in each movement.

•

Advanced Magnetic Property: The screwdriver's magnetic tip makes it quick to manipulate metal components, speeding up screw placement and removal. This feature improves efficiency in your tasks and reduces the possibility of losing parts.

•

Ergonomic Handle for Comfort: The ergonomic handle of the screwdriver guarantees a Exceptional comfort during long work sessions. Reducing hand fatigue allows you to maintain a high level of precision and focus.

Specifications

EAN	8433373067745
Manufacturer	GSC
Weight (kg)	0,116
