Description

The **Combination Wrench** in its **20mm** variant is an essential tool that offers versatility and efficiency in tightening and loosening tasks. Designed with attention to detail and manufactured from high quality materials, this combination wrench is intended to deliver reliable results with every use.

Double End Design

The design of this wrench Combination is **double ended**, which means you have two wrench sizes in one tool. With a **20mm** end, this wrench is capable of taking on a variety of nuts and bolts of that size. This feature saves space in your toolbox and gives you more options in a single instrument.

Durability and Strength

Made from **chrome vanadium**, this wrench Combined is designed for durability and strength in heavy-duty applications. The high quality material ensures that the wrench can withstand the wear and tear

and demands of continuous use, ensuring reliable performance in various situations.

Versatility in Use

With a size of **20mm**, this combination spanner is suitable for a wide variety of applications in different fields. From construction projects to car repairs or maintenance tasks, this tool is versatile and able to adapt to various tasks. Its ergonomic design facilitates prolonged use without fatigue.

Additional Technical Features:

- Reliable Identification: Reference number 502055018 for authenticity and tracking.
- Ergonomic Handle: Comfortable design that minimizes fatigue during prolonged use.
- Professional Use: Suitable for both DIY work and professional applications.
- Construction Quality: Made with chrome vanadium for long life.

Specifications

EAN	8433373068216
