Level 25cm with magnetic side

Brand: GSC

Reference: GSC 502065004

The **Level with Magnetic Side** of **Reference 502065004** is an essential tool for obtaining precise measurements and angles in construction and DIY projects. With a blade length of 250mm, this level has 2 bubble vials for easy leveling and precision at 90º and 180º. The magnetic feature on the side adds versatility and comfort in use.

Main Technical Characteristics:

- **Blade length:** 250mm
- **Bubble vials:** 2
- **Bubble level:** Measurement precision 0.5
- **Road angles:** 90º/180º
- **Magnet:** On the side
- **Color:** Blue and grey

Description

The **Level with Magnetic Side** of **Reference 502065004** is an essential tool that combines precision and convenience to achieve exact measurements and angles in a variety of construction and DIY projects. With its 250mm blade length and advanced technical features, this level stands out for its ease of use and versatility.

Key technical features of the **Level with Magnetic Side** include:

- **250mm Blade Length:** Proper blade length allows for accurate measurements and eases use in tight spaces.
- **2 Bubble Vials:** Equipped with 2 bubble vials, this level allows precise and efficient leveling in multiple directions.
- **0.5 Measurement Accuracy:** The bubble level at this level offers a measurement accuracy of 0.5, ensuring reliable results.

- **90º/180º Vial Angles:** 90º and 180º angles available on vials provide versatile options to accurately measure and set angles.
- **Magnet on Side:** The magnetic feature on the side of the level allows it to be easily attached to metal surfaces, adding convenience and stability while leveling. use.

The **Level with Magnetic Side** is especially useful in various situations:

- **Construction Work:** Ideal for making sure structures and items are level and at an angle.
- **DIY Projects:** Perfect for home improvement tasks that require accurate measurements and angles

Specifications

EAN	8433373068568
Manufacturer	GSC
Weight (kg)	0,16
