Valena Next 2 x SC/APC fiber optic pass-through socket white push-pull connection

Brand: LEGRAND

Reference: LEGRAND 741279

Valena Next fiber optic pass-through socket - fast and secure connection

The Valena Next fiber optic pass-through socket is the ideal solution for those looking for a fast, safe and reliable connection for their optical fibres. Equipped with 2 inputs/2 outputs, this pass-through socket allows the connection of two fibers (equipped with their connectors) and is supplied with protective caps for greater durability.

Main technical characteristics:

- Multimode fiber optic pass-through socket
- Equipped with double pass-through 2 inputs/2 outputs
- Includes protection caps
- Equipped with a transparent label holder
- Push-pull connection
- 2 modules
- SC/APC simplex adapter with shutter

Description

The Valena Next fiber optic pass-through socket is the ideal solution for those looking for a fast, safe and reliable connection for their optical fibers. With its 2-in/2-out double pass-through design, this pass-through socket allows the connection of two fibers (equipped with their connectors) quickly and efficiently. In addition, it comes equipped with protective caps that protect the connectors from dirt and damage, ensuring greater durability.

This fiber optic pass-through socket also has a transparent label holder that makes it easy to identify the Connection. Its "push-pull" type connection makes installation quick and easy, without the need for additional tools.

With its SC/APC simplex adapter with shutter, this fiber optic pass-through socket is compatible with single-mode optical fibers and is capable of supporting high-speed data transmission rates. Its compact 2-module design saves space in the distribution box, making it ideal for electrical installations in homes or commercial premises.

Specifications

High	30,8
Width	9,6
Colour	White
EAN	3414972243612
Manufacturer	Legrand
Weight (kg)	0,09
Piece type	Electrical mechanisms
Series	Legrand Valena Next
