Description

If you are looking for an efficient solution to refresh and improve the lighting in your home, the Mini Moss LED ceiling fan from the CristalRecord brand is the ideal option. This ceiling fan has been designed for small rooms, such as bedrooms and living rooms, and has a series of technical characteristics that make it very attractive:

- 35W power and luminous flux of 3900 Lm thanks to its LED technology, which allows efficient and long-lasting lighting with a useful life of up to 30,000 hours.
- Three lighting tones (warm, neutral or cold) and lumen intensity regulation function so that You can adjust the lighting according to your needs and preferences.
- Ultra-quiet DC motor with 6 rotation speeds and winter-summer reverse function that allows better air circulation at any time of the year. In addition, it has a breeze function for a more natural sensation.
- Modern and elegant design with a leather-colored body and transparent folding blades that integrates perfectly into any style of decoration.
- Includes Remote control for easy and comfortable control from anywhere in the room.
- Suitable for sloping ceilings up to a maximum of 18° and has 2 poles to adapt to different ceiling heights.

If you are looking for a ceiling fan with efficient LED lighting and multiple functions to refresh and improve the lighting in your small rooms, the Mini Moss LED ceiling fan from CristalRecord is an excellent option to consider.
