Description

The CristalRecord silent ceiling fan is the perfect solution for those looking for a combination of style and functionality in their home. This modern ceiling fan has retractable blades and integrated LED lighting, which makes it an ideal option to install in medium-sized living rooms and bedrooms (less than 13 square meters). Its white design and transparent blades make this fan easy to combine with any decoration, while its ultra-quiet DC motor ensures a quiet environment at any time of the day.

Among its main features techniques, we can highlight:

- Adjustable LED lighting with three shades of color temperature (3000, 4000 and 6000 Kelvin), which allows you to adjust the light intensity according to the needs of each moment .
- Six rotation speeds to adapt to the different ventilation needs at all times.
- Retractable blades that allow you to use the fan as a ceiling lamp when it is not in operation.
- Remote control included to control both the lighting and the functions of the fan in a comfortable and simple way.
- Ultra-quiet DC motor with six speed levels, which guarantees silent operation. iose and efficient fan.
- Breeze function that generates a sensation of natural breeze, imitating the movement of the wind.
- Programmable timer of 1, 2 or 4 hours, which allows you to set the operating time of the fan.

-

Suitable for sloping ceilings of up to 15 degrees.

-

3-year warranty, which guarantees the quality and durability of the product.

With all these features, the CristalRecord silent ceiling fan is the perfect option for those looking for a functional and elegant solution for ventilation and lighting in their rooms. In addition, its Vera Mini version is an excellent option for smaller rooms.
