The universal adapter PRO is a practical solution for frequent travelers or for those who need to use their electronic devices in different countries. Designed in Switzerland, this adapter is compatible with 2 and 3 pole devices and is valid for more than 120 countries.

The adapter is compatible with Europe type inputs (Sucko and 2 Euro) and outputs in Switzerland, Italy, Brazil, the United Kingdom, the United States, Australia and China. This means you can use your electronic devices in most countries around the world.

The adapter has a maximum power of 1575W and a maximum amperage of 6.3A. It does not convert voltage, so make sure the device you connect to the adapter is compatible with the voltage of the country you are in.

At a compact 72x55x58mm, the adapter is easy to carry in your travel bag or backpack. In addition, its elegant and modern design makes it perfect for any occasion.
