Roll 100M Flat hose (2x1.0mm) White

Brand: GSC

Reference: GSC 003902920

Roll 100M Flat Hose (2x1.0mm) White

Get the perfect electrical hose for your general works projects with our **white flat hose 100 meters**. Its **2x1.0mm** section and **0.5KV** insulation ensure reliable performance. The **CPR ECA rating** provides peace of mind in terms of fire safety. Conveniently packaged and conductive copper material, this hose is your reliable choice.

Main Technical Features:

- **Insulation :** 0.5KV
- **Applications:** General works
- **Insulation Classification:** CPR Fire reaction classification: ECA
- **EAN:** 8433373029200
- **Packaging:** 12
- **Cable Length:** 100M
- **Conductor Material:** Copper
- **Packaging:** Shrink wrap
- **Section:** 2x1.0mm
- **Type:** Flat hose

Description

In the world of construction, every detail matters, and that includes choosing the right electrical components. We present the Roll 100M Flat Hose (2x1.0mm) White, a complete solution for your electrical needs in general works. This hose not only offers exceptional performance, but also meets the strictest safety standards. With a length of 100 meters, this flat hose gives you the necessary flexibility to connect electrical devices and systems in a wide range of construction environments. The 2x1.0mm

section guarantees efficient current transmission, which is essential to maintain stable and reliable operation of your electrical equipment. One of the most notable features of this hose is its 0.5KV insulation, which provides effective protection against possible surges and electrical shocks. Safety is a priority, and this hose is designed to give you peace of mind in this regard. The CPR ECA rating highlights its fire resistance, which is essential in any construction environment. The conductive copper material used in this hose ensures excellent electrical conductivity and contributes to its durability over time. You can trust this hose to maintain its performance even in demanding conditions. The 12 roll packaging offers you a convenient solution for transportation and storage. Each hose is shrink-wrapped, making it easy to manage and protecting the product from damage during handling. Whether you are performing temporary or permanent electrical installations on a construction site, our white flat hose is the choice appropriate. Its combination of solid technical features and reliable design make it a smart investment for any electrical project. In summary, the Roll 100M Flat Hose (2x1.0mm) White is a Complete solution for your electrical needs in general works.

Specifications

Colour	White
EAN	8433373029200
Manufacturer	GSC
Weight (kg)	4,317
Cable cross-section (mm²)	2x1.0
