Roll 100M Hose (2x1.0mm) White

Brand: RCT

Reference: GSC 003902924

The **White Hose** is a high quality conductive cable designed for electrical applications on construction sites and other environments. With its **white** coating and **copper** conductive material, it meets CPR requirements and has a section of **2x1.0mm²**. With **0.5KV** insulation and a length of **100 meters**, this hose is a safe and reliable choice for electrical projects.

Main Features :

- Color: White
- Conductive Material: Copper
- CPR Rating: Meets CPR requirements
- Section: 2x1.0mm²
- Insulation: 0.5KV
- Length: 100M

Description

White Hose is a high quality conductive cable designed to meet electrical needs in a variety of environments, with a particular focus on construction sites. Its carefully crafted design and notable technical features make it a reliable choice for various electrical projects.

The hose features a **white** coating, making it easy to identify and replace. routing of cables in electrical installations. The main conductive material used in this hose is copper, known for its excellent electrical conductivity and low resistance, ensuring efficient transmission of electrical current.

The **Hose Blanca** meets the **CPR** classification, which means that it meets the reaction to fire requirements for general construction site applications. This feature is essential to guarantee the safety and integrity of electrical installations in fire situations.

The hose has a section of **2x1.0mm²**, which makes it suitable for a variety of applications, from lighting to electrical power systems. The hose insulation is rated to **0.5KV**, providing protection against short circuits and power loss.

Packaged in **100 meter** reels, The **White Hose** is convenient and ready for installation. Whether you are working on residential or commercial projects, this flexible and durable hose is a safe and reliable choice for your electrical needs.

In short, the **White Hose** is a solution Reliable and versatile for electrical projects that require high quality and safe cables. With its notable technical features and rugged design, this hose ensures exceptional performance and long-lasting durability in various electrical applications.

Specifications

Colour	White
EAN	8429642007628
Manufacturer	GSC
Weight (kg)	5,75
Cable cross-section (mm ²)	2x1.0
