Roll 100M Hose (3x1.0mm) White

Brand: RCT

Reference: GSC 003902928

We present our **Hose** in a **100M** roll with **3x1.0mm** section, ideal for general applications in construction sites. Made of **copper** conductor, it guarantees optimal conductivity and durability.

Main technical characteristics:

- **Insulation:** 0.5KV
- **Applications:** General in construction works
- **Section:** 3x1.0mm
- **Conductive material:** Copper
- **Length:** 100M

Description

Discover our **Hose** in roll of **100M** with **3x1.0mm** section, designed specifically to meet the demands of construction works. This product stands out not only for its length, but also for the quality of the material with which it is made. Its copper conductor ensures excellent conductivity and long life.

Every detail of this hose has been carefully considered. With an insulation of **0.5KV**, it provides the necessary security and protection for any project. In addition, it complies with the CPR classification in reaction to fire under the **ECA** category, which indicates that it is suitable and safe for use in buildings and constructions.

Technical characteristics additional:

- **Insulation:** CPR Reaction to fire classification: ECA
- **EAN:** 8433373029286
- **Packaging:** 2
- **Packaging:** Shrink-wrapped
- **Type:** Hose

Specifications

Colour	White
EAN	8429642008311
Manufacturer	GSC
Weight (kg)	7
Cable cross-section (mm²)	3x1.0
