Roll 100M Flat hose (2x1.0mm) Black

Brand: GSC

Reference: GSC 003902936

Roll 100M Flat Hose (2x1.0mm) Black

A reliable solution for your electrical needs on construction sites. The **100 meter** flat hose with **2x1.0mm** section provides you with the power and flexibility you need. Its **0.5KV** insulation and **ECA** reaction to fire rating ensure safe performance. Pack, transport and store easily thanks to its shrink-wrapped packaging. The conductive copper material ensures efficient transmission. Get ready for long-lasting, quality connectivity!

Main Technical Characteristics:

- **Insulation:** 0.5KV
- **Applications:** General in construction works
- **Insulation Classification:** CPR Classification reaction to fire ECA
- **EAN:** 8433373029361
- **Packaging:** 1
- **Cable Length:** 100M
- **Conductor Material :** Copper
- **Packaging:** Shrink-wrapped
- **Section:** 2x1.0mm
- **Type:** Flat hose

Description

If you are looking for a reliable and versatile solution for your electrical needs on construction sites, our 100 meter Flat Hose is the perfect choice. With a section of 2x1.0mm, this hose offers you the power and flexibility necessary to carry out your electrical tasks efficiently and safely. One of the standout

features of this hose is its 0.5KV insulation, which guarantees effective protection against possible electrical shocks. In addition, it has an ECA reaction to fire classification, making it a safe option even in environments where fire safety is crucial. The conductive material of copper used in this hose not only ensures efficient current transmission, but also contributes to its durability over time. You can rest assured that this hose will provide consistent, reliable performance in all your electrical applications. Conveniently packaged in shrink-wrapped packaging, transporting and storing this hose is simple and hassle-free. The 100 meter roll provides you with a suitable length for a variety of applications on your construction site or other industrial environments. With its 2x1.0mm, this flat hose is ideal for a wide range of electrical applications, from basic connections to more complex tasks. Whether you are making temporary or permanent installations, this hose will give you the flexibility to adapt to your changing needs. In short, the 100 meter Flat Hose is a solution reliable and efficient for your electrical needs. With solid technical features, including its 0.5KV insulation, ECA reaction to fire rating, and conductive copper material, this hose is designed to provide exceptional performance in all your applications.

Specifications

Colour	Black
EAN	8433373029361
Manufacturer	GSC
Weight (kg)	4,054
Cable cross-section (mm²)	2x1.0
