Description

The LED wall light is a practical solution to illuminate the exterior of your home, while saving energy thanks to its LED technology. This wall light is made of PC in white, which gives it a modern and elegant design.

The motion sensor integrated in the wall light has an adjustable time from 10 seconds to 5 minutes, which allows it to adjust the lighting time of the light to your need. In addition, it has a maximum detection distance of 9 meters and a detection range of 140°, which makes it very efficient for detecting movement in large areas.

The ambient light of the wall light is adjustable, with a range

Specifications

Colour	White
EAN	8433373061347
Turned on (ON/OFF)	100000
Manufacturer	GSC
Weight (kg)	0,507
Protection	IP54
Nominal voltage (V)	230V
Colour temperature	4000
Estimated life (h)	30000
